Job Description

Role and Responsibilities

Adopt -a-cheerleader program is a chance for the Booster club members which we refer to as “grands” to support and be in a relationship with the cheerleaders during the school year and beyond. Many of the cheerleaders adopted in the past by members are still in contact with their grand.

Booster grands make it a point to get to know their cheerleader.....come to games to cheer the team, take the cheerleader on outings, meet her family, just enjoy time together. It is important for the booster to be in the area the majority of the year. The cheerleaders look forward to time spent with us and are disappointed if they don't see the grands.

Each grand is asked to help with uniform purchase with a donation of \$100, the rest of the funding comes from the family or fundraising by the cheerleader. Uniforms include the cute skirt uniforms, warmups, jackets, rain gear, and the cold weather uniforms.

The 2022/2023 season began in April because the new squad was already practicing. We encourage the grands to step right up and get into a relationship with each girl through the summer months, especially during cheer camp in June.

If you are interested in becoming a “grand” for a [Wildcat Cheerleader](#), please contact Brenda High at brenda.high6@gmail.com.
